

EDUCATION

Bachelor of Engineering in Software Engineering

Mehran University of Engineering & Technology, Jamshoro; CGPA: 3.27/4.0

Jamshoro, Sindh, Pakistan

August 2023 – August 2027

SKILLS SUMMARY

- **Languages:** C++, JAVA, JavaScript
- **Frontend:** React.js
- **Frameworks:** Bootstrap, Tailwind CSS
- **Platforms:** Visual Studio Code, IntelliJ IDEA, DEV C++
- **Soft Skills:** Teamwork, People Management, Communication

WORK EXPERIENCE

High Tech Software House & Training Center Nawabshah

July 2025 – August 2025

- Completed a **1-month internship** focused on **web development**.
- I worked on building and improving **frontend components**.
- Applied **HTML, CSS, JavaScript**, and basic web development practices in real projects.
- Demonstrated strong **professionalism, dedication, and teamwork**.
- Maintained **excellent attendance and work ethics** throughout the internship.

Deloitte Australia Technology Job Simulation on Forage

Virtual Program | June 2025

- Completed a job simulation involving development and coding
- Wrote a proposal for creating a dashboard

Remote Web Development Intern

Code Alpha — Online | June 2024 – Sept 2024

- I worked remotely as part of a team developing responsive web applications using HTML, CSS, and JavaScript.
- Built a real-time project under supervision that involved dynamic forms, and responsive design.
- Improved debugging, optimization, and cross-browser compatibility handling.

PROJECTS

URL Shortener & Malicious URL Detector – Web Application | [LINK](#)

Technologies: React + Tailwind CSS (Responsive Web Design)

- Designed and developed a **fully responsive web application** that shortens long URLs into compact, shareable links.
- Implemented **URL validation and detection logic** to identify invalid or potentially unsafe URLs before processing.
- Built a clean, mobile-first user interface ensuring compatibility across **desktop, tablet, and mobile devices**.
- Applied modern UI/UX principles to deliver a **professional and user-friendly experience**.
- Optimized front-end logic for fast performance and accurate URL handling.

Kon Banega Crorepati (Quiz App) | [LINK](#)

- Built a KBC-style quiz app with MCQs, scoring, result tracking, and **real-time sound effects for correct and wrong answers** using JavaScript.
- Features included multiple-choice questions, scoring, and result tracking.

Resume Builder Web App | [LINK](#)

- Designed and developed a dynamic web application that allows users to create professional resumes.
 - Implemented form handling, data validation, and real-time preview features using HTML, CSS and JavaScript
-

CERTIFICATES

- **High Tech Software House & Training Center Nawabshah** – July 2025 | [CERTIFICATE](#)
- **NASA Space App Challenge** - certified Galactic Problem Solver – 2025 | [CERTIFICATE](#)
- **Programming with JavaScript** – Coursera – Dec 2025 | [CERTIFICATE](#)
- **React Fundamentals** – Coursera – June 2025 | [CERTIFICATE](#)
- **Express.js Basics** – Coursera – June 2025 | [CERTIFICATE](#)
- Deloitte Australia Technology Job Simulation on Forage Certificate – *June 2025* | [CERTIFICATE](#)
- Web Development Internship Certificate – **Code Alpha** – *Sept 2024* | [CERTIFICATE](#)
